Career Objective

Versatile Software Developer with proficiency in a range of programming languages and technologies. Experienced in designing, developing, and optimizing software solutions. Adept at collaborating in Agile environments and implementing innovative and efficient code. Eager to contribute technical expertise to cutting-edge projects and drive software excellence.

Education

Chitkara University   **2019-2023**
B.Tech - Computer Science   *9.4 CGPA*

Experience

Tata Communications   **Pune**
UI Developer   *2022-2023*
- Collaborated with the web development team, utilizing HTML, JavaScript, and ReactJS to design user interfaces for client websites.
- Developed scalable and high-performance web applications, resolving issues and implementing front-end architecture.
- Contributed to Agile-driven projects, maintaining timelines and optimizing resource utilization.
- Implemented performance improvement strategies, monitored website traffic, and prepared various communications and reports.
- Provided IT support to non-technical personnel within the company and client base.

Personal Projects

 Weather App
- Developed a Weather App using HTML, CSS, and JavaScript to provide real-time weather information based on user input.
- Integrated with a weather API to fetch and display accurate weather data, including temperature, humidity, and wind speed.
- Added a unique feature allowing the background image to dynamically change based on the user's location, providing a personalized visual experience.

 E-commerce Website (React, JavaScript)
- Developed an E-commerce Website using HTML, CSS, and JavaScript to create a fully functional online shopping platform.
- Implemented responsive design techniques to ensure a seamless user experience across various devices.
- Utilized Bootstrap for styling and enhancing the overall visual appeal of the website.

Technical Skills

Languages: Java, JavaScript, HTML, CSS
Library/Frameworks: React, Spring, Bootstrap, MUI, Tailwind CSS
Software/Tools: Figma, Git, AWS, Postman, Sketch, InVision
Soft Skills: Communication, Problem Solving, Leadership, MultiTasking

Extracurricular Activities

Toastmasters International: Public Speaker at Chitkara University
  · Delivered engaging presentations on a singular topic.
Table Tennis Competition: Represented Chitkara University in a regional table tennis competition.

Certifications

- **Principles of UX/UI Design by Meta**
- **Introduction to UI Design by Coursera**
- **React - The Complete Guide by Udemy**
